## About Bizrights™

The obligation of protecting IP rights (IPR) lucidly stands well above building a lucrative business. This has been the thought-process which led to the inception of Bizrights IP Partners LLP (ISO 9001: 2015 certified). We are a Hyderabad-based IPR specialist firm which on-boards an amazingly detailed approach in the provision of comprehensive professional services related to IPs, especially Trademarks (including well-known trademark), Patents, Copyrights, and Industrial Designs. We take care of your complete IPR related works in almost all parts of the world.

As a novel venture by a crew of passionate industry experts & attorneys with global exposure marshaled by a couple of seasoned IPR experts - V Rajesh & Bappaditya Saha (Partners). They possess over two decades of National & International experience across 4000+ brands and thousands of applications. Bizrights IP came to be on 1st February 2017. Bizrights' robust international network has played an instrumental role in this growth while catering to an array of industry-leading organizations with an expansive global footprint.

An attorney in the western and European countries charges in dollars and euros, which make it a huge expense for Indian organizations that approach them directly. But Bizrights IP offers complete IPR services in any country at a nominal charge by banking on its international associations. This efficacy not only bestows comfort to the large organizations but also acts as an elixir to the startups with minimal financial backbone.

Bizrights IP today accelerates towards its vision 2020, which includes blueprint to expand globally and grow five folds in people-strength. The company currently is home to 20 strong workforce, in addition to another 50+ employees spread across its five associate offices in different parts of the country. Nevertheless, Bizrights IP has a lucid perception of what it takes to drive smoothly alongside the rising growth curve – with continuous training & innovation.
